

BIN STAIRS FOR GRAIN BINS

BROCK SHUR-STEP® BIN STAIRS FOR GRAIN BINS

Stairway can be used with stiffened or unstiffened bins, or bins with wind rings.

Mounts on any BROCK® Bin 15 feet (4.6 m) in diameter or more

Do you want to check the condition of stored grain and roof-mounted equipment without climbing a ladder? Now you can have the convenience and advantages of a stairs on your grain bin with the BROCK SHUR-STEP® Bin Stairs.

Manufactured from tough, galvanized steel for all Brock farm and commercial bins, the BROCK SHUR-STEP Stairs also fits many other 15-foot (4.6-m) diameter or greater bins having 9-3/8-inch (238-mm) horizontal bolt spacing and 2.6-in. (68-mm) or 4.0-in. (102-mm) corrugation.

Brock's stairway follows the wall contour of the bin and can be installed while the bin is being erected or added later. Stairs can be mounted to go either to the right or left around the bin.

BROCK SHUR-STEP Bin Stairs – another reason more people are making their next bin Brock!

The wide, sturdy steps of BROCK SHUR-STEP® Stairs feature raised perforations forming a non-skid surface, are fabricated from galvanized steel for long-lasting service and conform to OSHA standards.

Other Outstanding BROCK® Bin Features

Brock's LATCH-LOCK® Walk-Through Bin Door.

Giant 40-inch (1016-mm) fill hole.

Large "obround" manhole for easy entry and exit.
